Costs & Payments

There are many costs to consider when a student goes to college or university both direct and indirect. Here you will find out what fees you're required to pay. Please be aware that all fees are subject to annual reviews and they may differ from year to year. Note, the fees outlined apply to academic year, 2022- 2023. Check back later in the year to view our updated fees for future academic year.

1- Tuition fees

All international students will pay tuition fees based on the degree they've chosen. The fees vary between degrees and the year in which you study. Tuition fee costs are subject to change and are determined each year and updated figures will be published on this page each academic year.
